

November 15, 2020

Friends,

**The WASH Rotary Action Group is a group of Rotarians with a passionate dedication to providing people everywhere with sustainable access to water, sanitation and hygiene. Reporting to the WASRAG Board of Directors, our nine-member Operations Team is responsible for the day-to-day functions of the group. In recent months two of the team's members have retired. The position of Membership/Ambassador has been filled, but we are still seeking candidates for the Marketing & Communications position, who share our passion and are prepared to dedicate the necessary time and effort.**

**All members of the team are volunteers. Meetings are held twice a month on Sunday mornings (8.00 am Eastern Time) and we sincerely appreciate the commitment this implies.**

**Attached to this letter is a description of the position. If you think you have the necessary skills and background, please send a brief (1-page only!) summary to [info@wasrag.org](mailto:info@wasrag.org)**

**We will accept applications until November 30th and hope to have the candidate in place by January 1<sup>st</sup>, 2021**

**Warm Rotary regards,**

**Brian Hall  
WASH Rotary Action Group Operations Team**
