Summer camps may be cancelled this year, but right now is the best time for water education and outreach teams to plan ahead for the 2021 season!

Join the VA AWWA Water Awareness and Outreach Committee on Thursday, June 18, for a lunch-and-learn webinar presented by Pennsylvania American Water on the lessons they've learned in planning and implementing successful water education summer camps over the last decade.

Whether you're brand new to planning a summer camp or looking for tips to enhance your already successful programming, this webinar will provide insight in what to do and what not to do when planning a water-filled and fun summer camp.
